

Calling ALL Professional Services...

This Thursday is CDOT's quarterly Small Business Forum, which will discuss efforts to *improve DBE and ESB participation on Professional Services and Consultant Contracts*. The Forum provides an opportunity for small businesses, CDOT staff, and industry partners to collaboratively identify improvements to CDOT processes that benefit Colorado's transportation small business community.

This Forum will also touch specifically on key initiatives like:

- the new Policy Directive on Fostering Small Business Capacity
- DBE Triannual Goal Setting
- An overview of CDOT's Construction Program funding projections (aimed at giving small businesses more context for longer term business development efforts!)

CDOT HQ, 4201 E. Arkansas Ave. 80222, 2nd Floor
Auditorium

Thursday, April 12 from 9am-11am.
